**We Specialize in Herbal Programs and Proper
Nutrition To Help Bring The Body Into Correct
Balance**

**We Believe in the ABC's of Health: First Activate, Then Cleanse and Finally
Build the Body Systems For Better Overall Health Harmony and Wellbeing.**

**Our mission is to serve those open to natural health, who are willing to
take responsibility for their own health.**

Suggested Weight Loss Program

Begin with: **Dieter's Cleanse** - Dieter's Cleanse feeds the glandular system, which is essential to weight control, cleanses the liver for more effective weight loss and purges the colon to eliminate a sluggish system, while burning fat and supplying at the same time.

Super Supplemental Multi Vitamin - Supplies the essential nutrients needed for weight control.

Food Enzymes - Helps the digestion of food and supplements to aid in proper absorption of nutrients.

MetaboMax Plus - Day time fat burner and energy booster.

Collatrim - Night time fat burner and prevents muscle loss.

Nature's Hoodia - Helps control appetite day and night.

Fat Grabbers - Absorbs unwanted dietary fat in the stomach, helps lower cholesterol and provides dietary fiber. Fiber is proven to aid in weight loss.

Pure Water - Helps flush the body of toxins and carries nutrients to the cells of the body.

Drink 8 full glasses of pure water daily and eat at least 35 grams of fiber daily. Sleep at least 8 hours nightly. Be in bed by 10:30 pm for best sleep. Eat several small meals daily, as opposed to a few larger meals. Eat a small amount of easily digested protein 30 minutes before bed and before 10 am in the morning. Keep dietary fat between 20 - 30 grams daily. Plan meals in advance.
